2008' Symposium on Intelligent Information Technology and Security Informatics

Adelaide, Australia 23 January 2008

To be held in conjunction with the First
International Workshop on Knowledge
Discovery and Data Mining (WKDD 2008)

Call for Papers

Intelligent Information Technology and Security Informatics (IITSI) is concerned with the study of the development and use of advanced information technologies and systems for national, international, and societal security-related applications. The Symposium Papers are solicited on all technical aspects of Intelligent Information Technology and Security Informatics, including but not limited to the following topics:

- Bayesian networks, Fuzzy and rough set
- Genetic Algorithms, Evolution Strategies
- Privacy Preserving Data Mining
- Knowledge engineering and management
- Web-based intelligence monitoring and analysis
- Deception and intent detection
- Text analysis and text understanding
- Authorship analysis and identification
- Agents and collaborative systems for intelligence sharing
- Information sharing policy and governance
- Privacy and civil liberties issues
- Public/animal health and bioterrorism information infrastructure
- Transportation and communication infrastructure protection
- Cyber-infrastructure design and protection
- Intrusion detection
- Model for secure web services
- Intelligent multimedia security services
- Disaster prevention, detection, and management
- Key management and authentication
- Security web-based collaboration applications and services
- Access control, Privacy protection
- Cryptographic algorithms, Trust management
- Terrorist incident chronology
- Terrorism root cause analysis
- Forecasting terrorism
- Countering terrorism
- Measuring the impact of terrorism society
- Measuring the effectiveness counterterrorism campaign

Publications

The papers will be accepted in WKDD proceedings, which is published by IEEE Computer Society Press, which will indexed by EI & ISTP. A selected number of the accepted papers will be invited for expanding and revising for possible inclusion in special issues for the following International Journal of Intelligent Information and Database Systems.

Registration Fees

Early Publication fee: \$230 before 3 Dec, 2007

Conference Fee: \$150 before 3 Dec 2007(chosen or not, if you attend, please choose it)

Mailing Service Fee: \$20(This service is ONLY for those who cannot attend Conference in person)

Paper Submission

The front page must contain the title of the paper, full name(s) and address(es) of the author(s) and the appropriate academic field(s). The complete mailing address(es), telephone number(s) and email address(es) must be provided on a separate sheet.

Authors must submit an electronic copy (limited to 6 IEEE style pages) of their complete manuscript directly to the Organizing Chairs (hunanyufei@126.com) or General Chairs (IITSI@126.com) before 25 Oct. 2007
